

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A method of qualifying a participant over a global network in a transaction requiring a transfer of funds from the participant using a qualifying system, the method comprising:
 - (a) the participant establishing a consumer funding account by depositing funds in the consumer funding account, the consumer funding account to be administered by the qualifying system;
 - (b) the participant entering a transaction requiring a transfer of funds from the participant to an other party; [and]
 - (c) the qualifying system reserving a portion of the consumer funding account according to a transaction parameter determined by at least one of the qualifying system, the participant or the other party; and
 - (d) the qualifying system qualifying the participant for the transaction if the consumer funding account satisfies conditions of the transaction parameter.
2. (Original) A method according to claim 1, wherein the transaction parameter is a required deposit.
3. (Original) A method according to claim 1, wherein the transaction parameter is an amount of funds required to complete the transaction.

4. (Original) A method according to claim 1, wherein step (c) is practiced by reserving a first portion of the consumer funding account corresponding to a required deposit and reserving a second portion of the consumer funding account corresponding to an amount of funds required to complete the transaction.

5. (Original) A method according to claim 1, further comprising releasing the reserved portion of the consumer funding account when the transaction is completed.

6. (Original) A method according to claim 1, wherein step (c) is practiced by querying a network website server that maintains the consumer funding account.

7. (Currently Amended) A computer system for effecting qualifying of a participant over a global network in a transaction requiring a transfer of funds from the participant to an other party, the computer system comprising:

at least one user computer running a computer program that requests information according to a transaction inquiry input by the participant; and

a system server running a server program, the at least one user computer and the system server being interconnected by a computer network, the system server determining whether the participant has established a consumer funding account by depositing funds in the consumer funding account, and if so, the system server reserving a portion of the consumer funding account according to a transaction parameter determined by at least one of the system server, the participant or the other party, wherein the system server administers the consumer funding account, and wherein the system

server qualifies the participant for the transaction if the consumer funding account satisfies conditions of the transaction parameter.

8. (Currently Amended) A computer program embodied on a computer-readable medium for qualifying a participant via a qualifying system over a global network in a transaction requiring a transfer of funds from the participant, the computer program comprising:

a¹
means for establishing the participant to establish a consumer funding account by depositing funds in the consumer funding account, the consumer funding account to be administered by the qualifying system;

means for entering the participant to enter a transaction requiring a transfer of funds from the participant to an other party; and

means for reserving the qualifying system to reserve a portion of the consumer funding account according to a transaction parameter determined by at least one of the qualifying system, the participant or the other party; and

means for the qualifying system to qualify the participant for the transaction if the consumer funding account satisfies conditions of the transaction parameter.

9. (New) A method of qualifying a participant over a global network in a transaction requiring a transfer of funds from the participant using a qualifying system, the method comprising:

a²
(a) the participant entering a transaction requiring a transfer of funds from the participant to an other party;

UNDERSTEIN
Appl. No. 09/617,065
August 19, 2003

- (b) the qualifying system determining whether the participant has established a consumer funding account, wherein if not, the qualifying system providing the participant an opportunity to establish the consumer funding account, the consumer funding account to be administered by the qualifying system;
- (c) after establishing the consumer funding account, the qualifying system continuing with the transaction;
- (d) the qualifying system reserving a portion of the consumer funding account according to a transaction parameter determined by at least one of the qualifying system, the participant or the other party; and
- (e) the qualifying system qualifying the participant for the transaction if the consumer funding account satisfies conditions of the transaction parameter.
